

Washstand Monaco made from the copolymer-bound mineral material VARICOR® (material in accordance to ISO norm 19712). Homogeneous, coloured throughout, pore-free material, without surface sealing like gel coat or glaze, largely resistant against disinfectants and commonly-used chemicals, heat resistant against burning cigarette, standard plain white colour shades (arktis, white-alpine) have good antibacterial properties in accordance to ISO 22196 (other colours on request). Optionally available with antiviral properties.

Single washstand moulded to order in one piece, **multiple washstand** made of several single washstands bonded together seamlessly and ready made-up, with side shelves, machinable on site, barrier free, as right or left version with laterally offset outlet, with rectangular basin, standard without overflow, optional tap hole, with skirt, with chamfered wall-connection profile.

Available as right or left version with laterally offset outlet.

Monaco is barrier free and qualifies for CE marking in compliance with DIN EN 14688.
